## ATTENDANCE

### Absenteeism

*From Department policy....*

*Each parent of a child who is of compulsory school age has the legal obligation to ensure their child is enrolled and attends a school, on every school day for the educational program in which the child is enrolled, unless the parent has a reasonable excuse.*

*Each parent of a young person in the compulsory participation phase has the legal obligation to ensure that the young person is participating full-time in an eligible option, unless the parent has a reasonable excuse.*

*From time to time a student may be absent from their educational program. Parents comply with their compulsory schooling or compulsory participation obligation by providing a valid reason for these absences. Parents should provide a reason for a child's absence either before or on the day of the absence or as soon as practicable.*

When a student is absent from school, a phone call to the absent line 3261 0760, an email to [admin@norrisroadss.eq.edu.au](mailto:admin@norrisroadss.eq.edu.au), an entry into the student's QParents account or a note to the student's teacher, explaining the reason for absence is required.

An SMS is sent when a student's absence reason is not provided. It is your responsibility to reply to this SMS with a reason for your child's absence.

**If you believe your child is at school and you receive an SMS, please ring the school immediately. SMS are monitored intermittently. Frequent unexplained absences will result in an enforcement of attendance.**

Students arriving after 8:30am must collect a late slip from the office to ensure parents/carers do not receive an SMS regarding their absence.

### Access to Students

Should you require access to your child/ren during school hours, all requests must be made through the Administration Officer at the reception desk. This procedure is essential to ensure the safety of all students.

### Compulsory Exclusion from School through Illness

Students who contract illnesses such as measles, mumps, covid etc. must remain at home for a specified minimum length of time. Periods of time for exclusion are specified in Appendix 1.

### Hours of School

The school day is divided into three sessions for students Prep to Year 6 as follows:

#### MONDAY TO FRIDAY

8:25am – readiness bell for 8:30am start

Session 1	8:30 – 10:30
Lunch Break	10:30 – 11:00
Session 2	11:00 – 1:00
Afternoon Break	1:00 – 1:40
Session 3	1:40 – 2:30

All students should arrive at school **no later than 8:30am. Rolls are marked at 8:30am.**

Students are required to visit the toilet, wash hands, have a drink and line up quietly in designated areas following every end of playtime bell.

Students are not to enter a classroom without a teacher being present.

### Early arrival:

Early arrivals are encouraged to join the Before School Care Program which runs from 6:30am to 8:15am. Early arrivals are not permitted to use playground equipment or school sporting equipment unless under direct teacher supervision. Students who arrive before 8:25am must go to the appropriate Undercover area until the first bell rings at 8:25am.

### Late arrival:

Students who arrive late to school (after 8:30am) need to report to the school office and be issued with a late arrival slip, which will be placed in the teacher's pigeon hole. If a student arrives after 9:00am, the parent/carer must notify the school by either phone or in person on arrival.

**Early departure:**

Parents/carers wishing to collect children early from school are required to come into the office to complete the early departure process. Only adults listed on OneSchool, or by prior authorised written advice, may collect children via this process. Once the process is complete the student will be called up to the office. This ensures proper procedures are completed and minimises disruption to the classroom.

**Early Departures from outside activities eg sport and excursions will require the completion of the Early Departure Process.**

**CURRICULUM**

**At Norris Road, we work together to ensure that every day, in every classroom, every student is learning and achieving to their potential. Norris Road implements the Australian Curriculum through inclusive practices.**

We understand that a student's engagement and achievement in learning is the fundamental requirements of a successful education program. All learning is flexible, challenging and dynamic, and is the result of consistent and effective planning, teaching, monitoring and assessment. We provide a rigorous, quality curriculum focusing on the core priorities of Literacy and Numeracy.

We consider how students learn best and use a variety of teaching strategies to progress all students. Our teachers make decisions about how to provide multiple opportunities for all students to explore and consolidate ideas, skills and concepts, across the Learning Areas. We provide our students with specific feedback about their learning.

Our whole-school approach to student achievement means that the responsibility for every student's success is shared by our entire school community.

**Booklists**

Each year parents will be issued with a list of student requirements for their child's year level. Booklists are available to view on our school website – [norrisroadss.eq.edu.au](http://norrisroadss.eq.edu.au)

**Homework**

Homework is set regularly for the purpose of consolidating work learnt during school hours. Year levels are responsible for setting appropriate activities. These times do not include a set Home Reading time daily. It is reasonable to expect that homework will occupy the following maximum periods of time per day:

Prep Year	Generally no more than 15 minutes daily practice
Years 1 – 3	Could be up to, but generally not more than an hour per week
Years 4 & 5	Could be up to, but generally not more than 2 –3 hours per week
Years 6	Could be up to, but generally not more than 3 – 4 hours per week

There are occasions in the senior years when individual projects will be assigned in specific subjects (eg. Science). Students may be set a deadline of two or three weeks to complete such a task.

**Library**

Each week students have the opportunity to borrow up to 2 books. The Library is open at 2<sup>nd</sup> break most days for students to read books, play board games, use technology and interact with friends.

**Media Room and Computer Lab**

Norris Road has a media room and computer lab which each house 30 computers. All classes have access to both the media room and computer lab. Year 3, 4, 5 & 6 have a bank of 28 laptops per cohort. Each classroom from Prep to Year 6 has a bank of iPads.

**Parent/Carer/Student/Teacher Meetings**

Each semester, parents/carers and students are given the opportunity to have meetings with their child's teacher. These meetings provide the chance to discuss achievement of students.

**Reporting**

At Norris Road, student reports are emailed home twice a year. These reports to parents reflect a concise, overall judgement about the student's achievement across the Learning Areas. A range of assessment opportunities are provided for students

to show their knowledge and understanding of taught subject matter and skills. To ensure consistency of teacher judgement, regular moderation sessions are conducted to ensure rigorous assessment requirements are met and expectations are consistent across year levels.

### ***School Excursions / Incursions***

School excursions and incursions enhance students' learning by providing the opportunities for students to participate in curriculum-related activities outside the normal school routine. Norris Road students attend excursions or incursions that are well-planned and approved by the Principal or Deputies and will maximize students' learning experiences. Families are invoiced for their child's participation in these activities during the year.

### ***Specialist Teachers***

HPE, Technology, Music, Languages, the Arts and Instrumental Music teachers provide valuable learning opportunities for all students.

## ***Sport and Enrichment Activities***

### **Interschool Sport**

All students from Years 4 – 6 can participate in the interschool sports. Our school provides most of the necessary equipment to play these sports. Individual sports may require individual purchases e.g. rugby league requires student to have their own mouth guard, soccer requires students to have their own shin pads.

School sport is usually played on Friday afternoons during school hours, however, training commitments may involve before and/or after school time.

A participation fee is associated with playing interschool sport and fees must be paid before the interschool season commences. Issues related to the cost of playing can be discussed with either a Deputy or the Principal. The fee covers expenses such as transport, affiliation fees and resources.

Students are given clear instructions regarding the behaviour expectations required for representation of Norris Road State School within the community.

### ***Enrichment Activities***

***During terms when Interchool Sport is held, students in Years 4-6 participate in optional enrichment activities run alongside the interschool sport program. These activities are aimed at developing interest and creativity in The Arts, Robotics, Coding, Dance, Drama, Gardening and Sustainability. The options change every term as interest and expertise becomes available.***

## ***INCLUSIVE PRACTICES***

The primary role of the Inclusion Hub (formally known as SEP) at Norris Road State School is to provide support for those students who have a verified disability in the area/s of Intellectual Impairment, Autistic Spectrum Disorder, Speech Language Impairment and/or Physical Impairment. Students who are verified under the categories of Hearing Impairment and Vision Impairment are also supported by the Norris Road State School Inclusion Hub in collaboration with Advisory Visiting Teachers (AVTs) who specialise in each of these disability areas.

In collaboration with families, class teachers, inclusion staff, advisory teachers and outside agencies, priority learning areas and adjustments are identified for each student.

Some students may also have an Individual Curriculum Plan (ICP) written to identify changes required to access the Australian Curriculum.

At Norris Road State School students are supported both in the classroom and outside of the classroom. Many students participate in all classroom activities with varying degrees of support while others have a program that sees them participating in some of the classroom activities as well as having time in the SEP for more specific programs eg life skills, social skills or more specialised programs.
